

Light and Lighting

Volume 61 1968

Authors' Index

		PAGE
ADRIAN, W.	The assessment of glare in street-lighting	360
BAKER, J. E.	Domestic lighting: lighting in the garden	262
BEAN, A. R.	A light-box for basic lighting studies	14
BOUD, J.	Random Review of 1967	2
	Purely for effect: the floodlighting of buildings	138
	Domestic lighting: plain man's progress	265
	Architectural science for lighting engineers	318
CANHAM, A. E.	Controlled environment in horticulture	302
CARPENTER, H.	Not only at Christmas: the wider use of decorative lighting	142
COLLINS, J. B.	Designing the daylighting of the Hayward Gallery	255
DALTON, T. D.	Industrial lighting: lighting outdoor chemical plants	288
DAVIES, I. F.	Industrial lighting: the next few years	296
EVANS, A. W.	Son et lumière in Ottawa	214
FERGUSON, H. M.	Perspective and geometry for lighting engineers	44
FOTHERGILL, A. E.	The floodlighting of buildings: a simplified approach	236
GRAY, J. W.	A light-box for basic lighting studies	14
HEWITT, H.	The IES Code—Introducing the new edition	96
HOLMES, J. G.	The IES Code—From feet to metres	99
HOPKINSON, R. G.	Environmental research and building practice	210
JACKSON, M. G. A.	Industrial lighting: the next few years	296
JAY, M.	Light as art and entertainment	34
	The human scale: lights and the city scene	146
KENNET, Lord	Nightscape foreword	127
LAMBERT, G. K.	A new-look isocandela diagram	321
LONGMORE, J.	The IES Code—Daylight and integration	97
LYNES, J. A.	The IES Code—Beyond the 1968 Code	101
LYONS, S.	Relighting old factories	290
MITCHELL, H. G.	The feasibility of integrated space conditioning	174
OWEN, V. M.	Lighting and livestock	328
PARTINGTON, R. B.	The feasibility of integrated space conditioning	174
PHILLIPS, D.	The second aspect: buildings after dark	130
PICKERING, M.	Light among the trees: illuminating open spaces	135
POOLE, D.	Designing the daylighting of the Hayward Gallery	255
PRICE, W. A.	The floodlighting of buildings: a simplified approach	236
RANBY, P. W.	Progress in phosphors for fluorescent lamps	227
REID, J.	Signs in the night: a positive approach	150
SCHREUDER, D. A.	The assessment of glare in street-lighting	360
STEWART, D. M.	A case history in lighting design	103
TASKER, S. H.	Landscaped offices for a multi-professional practice	224
TATE, R. L. S.	Shop-window lighting today	331
WHITEHEAD, A.	Son et lumière in Ottawa	214
WINSBY, R.	Relighting old churches	266
WYCKHAM, J.	The stage lighting designer and his equipment	314

Subject Index

	PAGE		PAGE
Abstracts	22, 54, 82, 108, 184, 218, 275, 308, 330	Chemical plants, lighting outdoor	288
		Churches, relighting of	266
Book reviews	61, 221, 272	CIE publications	160
BSI publications	90, 221, 285, 310	Cinemas, Plaza and Paramount	298
Building industry	124, 189, 220, 222, 285	COID	124, 248, 285
		Colour, application of	172

	PAGE		PAGE
Colour Group	30, 286, 310	Miscellany	29, 59, 90, 123, 158, 188, 220, 246, 284, 310, 340, 367
Competitions and awards	158, 310, 311	Museum, Wäinö Aaltonen, Finland	230
Conferences	190, 221, 246, 248, 311	Motorway signal-system	248
APLE	348		
APLE-IES	186		
Architectural science	318		
Australian national lighting	88		
CIGR	220		
IHVE-BRS	121	Nightscape	128
National lighting	162, 246	Notes and News	
Correspondence	29, 59, 92, 123, 284	British Lighting Council	250
		Discomfort glare	1
Daylighting of Hayward Gallery, design of	255	Fluorescent lighting	251
Design of buildings	162	Headlamp regulations	251
Domestic lighting	262, 264, 265	Ideal lighting	94
		IES Code	93
		IES Conference	161
		Illumination levels	251
Education and courses	30, 90, 124, 220, 247, 285	International developments	63
Environmental Group	59, 90, 124, 310	Lighting fittings, domestic	287
Environmental relationships	165	Metric system	33
Environmental research and building practice	210	'Lighting Research and Technology'	249
Ergonomic principles	164	Offices, open-plan and landscaped	95, 193
Exhibitions	30, 84, 124, 178, 190, 222, 247, 248, 271, 285, 310, 311, 355	Piccadilly Circus	223
Export	160, 222	Windows	250
Exterior installations, international	80	Office lighting	70, 170, 176, 224
		Overseas news	91, 158, 190, 222
Fittings design, fluorescent	169		
Floodlighting of buildings	236	Personal	31, 91, 158, 190, 222, 247, 285, 311
		Perspective and geometry for lighting engineers	44
Gallery, Hayward	252	Phosphors for fluorescent lamps, progress in	227
Glare in street-lighting, assessment of	360	Product news	24, 56, 86, 116, 182, 219, 244, 281, 304, 335, 363
		Publications received	31, 59, 90, 158, 191, 188, 221, 247, 285
Horticulture, controlled environment in	302	Public buildings, Grenoble	232
Hospital lighting	258	Public house, Chelsea Drugstore	301
Hotel, the Royal Lancaster	16		
IHVE Meetings	286	Random Review of 1967	2
Illuminating Engineering Society		Research and engineering centre, Ford	51
Activities	27, 57, 89, 122, 157, 187, 220, 246, 310, 339, 366	Road reflection characteristics	286
Conference	162		
IES Code, new edition	96	Shop-window lighting today	331
Officers	282	Showrooms	31
Transactions	310	Son et lumière, Ottawa	214
Industrial lighting	69	South Bank, lighting on London's	356
Lighting outdoor chemical plants	288	Space-conditioning in US	171
Relighting old factories	290	Sport, lighting for	194
Recent installations	294	Station, Euston	344
The next few years	296	Stage lighting designer and his equipment	314
Installation news	118, 155, 180, 216, 243, 279, 306, 337, 365	Street lighting	77, 234, 360
		Swiss Centre, London	240, 285
Integrated space conditioning, feasibility of	174		
International Review of 1967	64	Trade and industrial	30, 90, 160, 190, 222, 248, 285, 311
Interior installations, international	72, 74		
Isocandela diagram, a new-look	321	University, Sussex	114
Laboratory, street-lighting	234		
Light as art and entertainment	34	Windows, contribution of	168
Lighting design, case history in	103		
Lighting, future of	166		
Lighting-levels, high	166		
Lighting studies, a light-box for basic	14		
Livestock, lighting and	328
